

PUSH-FIT

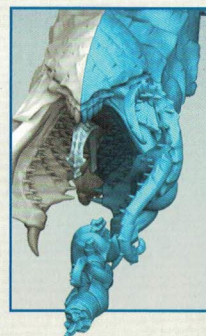

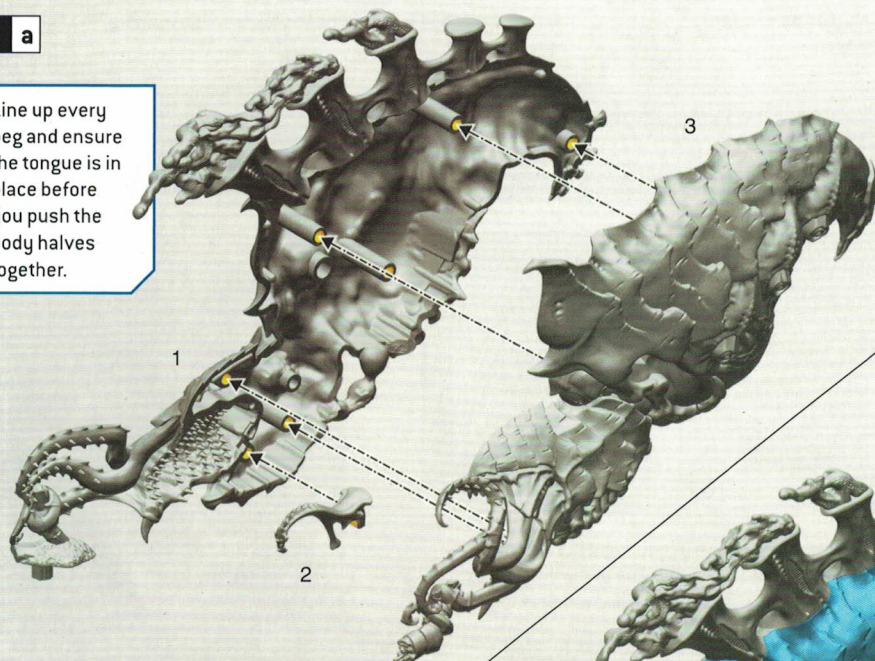

TOOLS
REQUIRED

NO GLUE

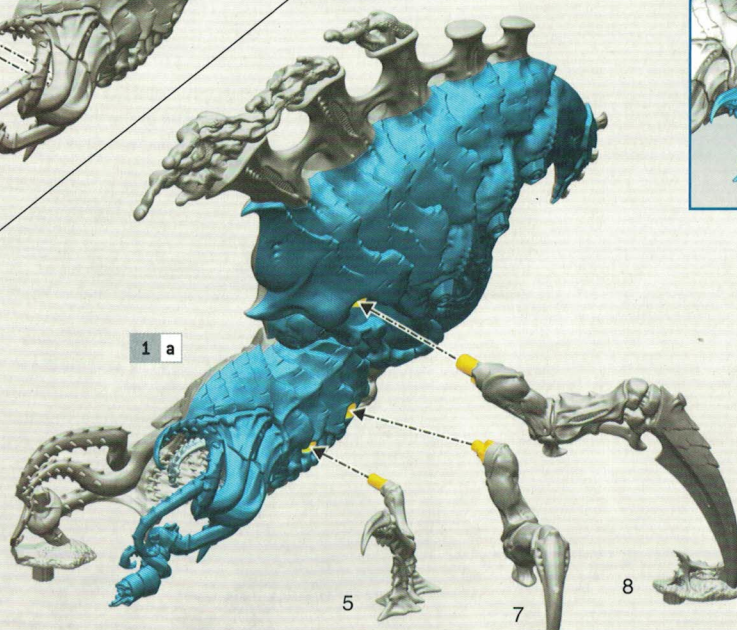

1 a

Line up every
peg and ensure
the tongue is in
place before
you push the
body halves
together.

1 b

Clip out and attach
each part one by one
to avoid confusing the
different legs.

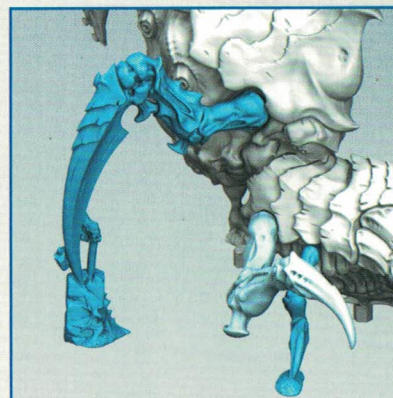

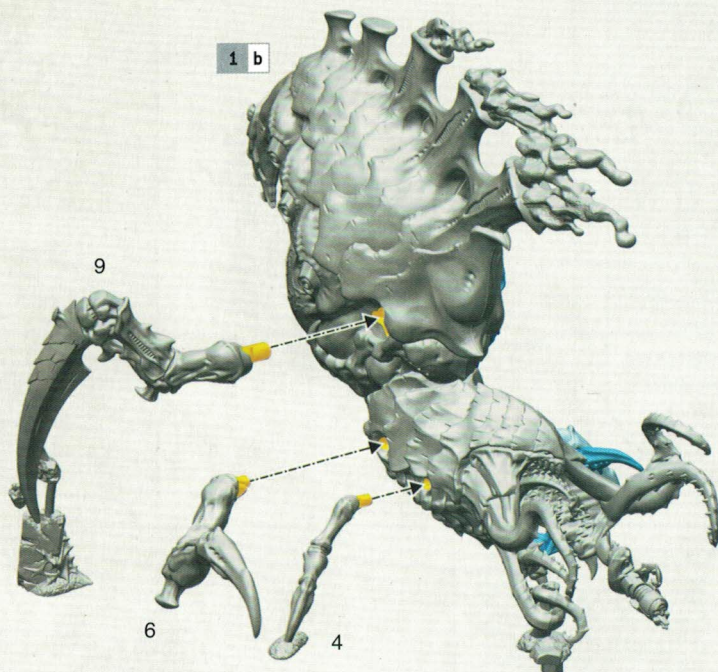

CLIPPER SAFETY

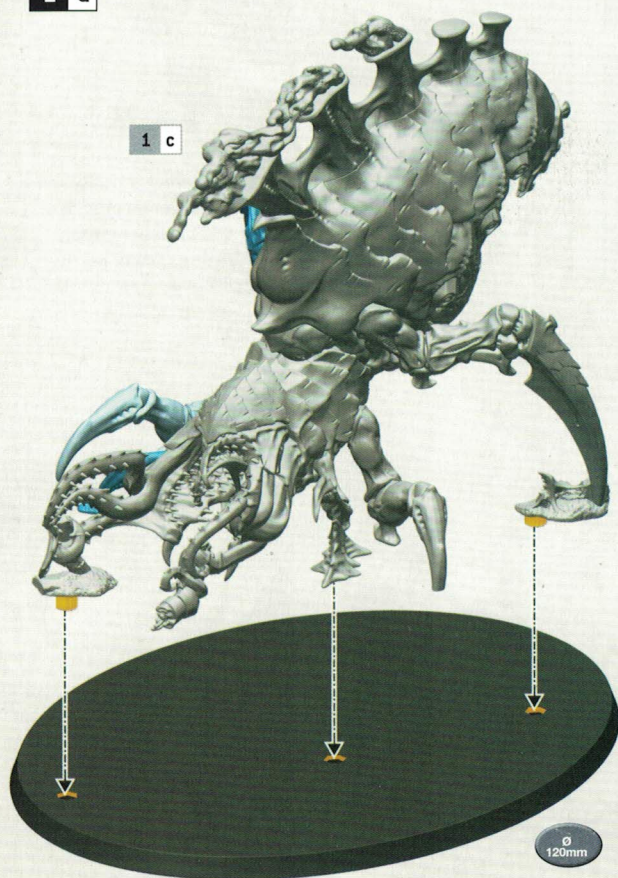

Keep your fingers away from the blades and hinge on the clippers to avoid injury. If you need help, ask an adult to help you clip your models out or supervise you while you do so.

1 c

Do not clip these scenery pieces off your Psychophage's claws – they will help anchor it to the base.

1 d

PSYCHOCLASTIC TORRENT

The Psychophage shoots soul-searing ash its abdomen.
